

THE ROANOKE

The striking, highly-figured burl walnut resonator with its contrasting inlaid wood rings makes for an instrument that is as much a treat for the eyes as it is the ears.

- Burl walnut resonator back, with inlaid wood marquetry
- Walnut neck
- Natural walnut finish
- White/black/white binding
- Nickel plated hardware
- Presto tailpiece

"I absolutely love the sound of my Huber. It truly does get better and better the more I play it. It always has that desirable 'crack,' plus the low end growl that makes it a joy to play every time I pick it up."
